The Market continued very quiet both here and in London.

FOREIGN FLAG LIBERTY:

Seeing that Buyer's price ideas are very low, most of the Sellers have withdrawn. Buyers believe that a foreign flag Liberty is not worth more than \$600/625,000 on today's Market, while Sellers have prices in excess of \$700,000 in mind. Similar disproportion in price ideas prevails in London where just a few Buyers are showing interest at about £230,000 with about 60% cash and balance over two years.

FOREIGN FLAG T - 2 TANKERS:

There were a few purchase inquiries in the past few weeks. One of the Buyers indicated \$1,000,000 all cash.

U. S. FLAG LIBERTY AND OTHER U. S. FLAG:

A U. S. flag Liberty was sold with a Bareboat Charter back to the Sellers at \$525,000. About 60% cash and balance is payable in last three years of a six year Bareboat Charter. An amount equal to the cash invested is payable as Bareboat hire in the first three years. We have Sellers who will duplicate this type of sale.

No straight sales were reported.
